The King County council has passed Ordinance 15279 concerning funding for regional health and human services. This proposition would fund services such as housing assistance, mental health counseling, substance abuse prevention and treatment, and employment assistance. It would also fund capital facilities and improvements to coordination of regional services for veterans and military personnel, and their families. It would authorize King County to levy an additional property tax of \$0.05 (5 cents) per \$1,000 of assessed valuation for collection in 2006 and levy the tax each year thereafter as allowed by Chapter 84.55 RCW for the five succeeding years.

EARTHQUAKES ARE TO WASHINGTON AS HURRICANES ARE TO LOUISIANA

No matter how much you hate paying taxes, refusing to fund infrastructure will cost us far, far more should disaster strike.

THE FUTURE DANGER WE FACE SHOULD WE DO NOTHING

We can't afford to wait any longer. Our state's transportation infrastructure is in need of serious upgrades and repairs. Our health and safety depends on it, our families, jobs, and our economy depend on a solid transportation infrastructure.

The Alaskan Way Viaduct and the SR 520 floating bridge in particular - two of the most expensive projects the package funds - must be replaced. They are aging structures that are already at the end of their useful life.

Washington State and the Pacific Northwest are known for being prone to earthquakes and windstorms. A severe earthquake and or windstorm, or some other disaster, could cripple or destroy either structure.

REASONS TO OPPOSE INITIATIVE 912

- **Critical roadways need to be replaced.**
- **More transportation funding is desperately needed.** Critics of the gas tax increase ignore the fact that we've been cutting transportation funding the last few years.
- **The gas tax increase is an adjustment to keep up with inflation.** The current gas tax is well below past historical highs.
- **Increased transportation funding will boost the economy.** Increased transportation funding will be good for the economy of the state of Washington. Thousands of jobs will be created.

Before you vote on Initiative 330 this November, be sure to read the fine print.

I-330 would force you to give up your right to your day in court - and gives the insurance industry many hidden benefits at your expense.

Vote NO on I-330 - It's the wrong solution.
